Dear Kitselas Members,

By now you may have received a package that contains a statement of account, notice of arrears, rental agreement and a copy of the approved Housing Policy. If not, it will be delivered this week.

All of this is necessary to restart the implementation of the approved Housing Policy. Kitselas Council presented this plan to the Community at the Annual Budget and Work plan session that was held on March 18 – 19, 2022. If you have any concerns regarding what you've received in your package, please respond to the contact person identified in the letter. We thank you for your attention to this very important matter and assure you that we will handle all concerns in a respectful manner.

Laurie Mercer, CAO.

Interviewing relating to Kitselas Traditional Use Study of the Coast Region of Kitselas Territory

The Lands and Resources Department is continuing to document Kitselas history and ongoing use of the North Coast as part of the Kitselas First Nation response to proposed industrial projects in the region, including Prince Rupert, Chatham Sound and surrounding areas.

This Traditional Use Study relates to the Ksi Lisims LNG Project proposed on the north end of Pearse Island, in Portland Canal. The Project and associated shipping have the potential to negatively impact Kitselas members' use of the North Coast region.

Information collected from interviews for this Study will be used in a Report that sets out Kitselas rights in the coastal area of Kitselas Territory and potential impacts on those rights by the proposed Project. The Report will be shared on a confidential basis with the Project Proponent and the BC Environmental Assessment Office. The interviews of Kitselas members, however, will be confidential to the Nation and will not be shared with any outside party.

Richard Inglis will be conducting the interviews. He has worked with Kitselas conducting interviews most recently since 2016.

These interviews will take place each day from 9:00am-7:00pm spread out in few common locations

If you want to schedule an interview please contact:
Community Engagement Coordinator: Geneva Mason
@ 250-635-5084 ext. 4069

Kitselas staff and community volunteers participated in the global Earth Day on Friday April 22 and Tuesday April 26 by picking up litter in both Gitaus and Kulspai. Eager children showed up and did a terrific job with cleaning up their community. At the end of the event, everyone enjoyed delicious barbequed hot dogs and smokies, fruit, pop and chips! Thanks to the Administration, Health and Public Works department for coordinating this community event and donating to the prizes. We encourage you to continue with the spring cleaning in and around your property.
